

# Tableau des correspondances codes-espèces du coralligène utilisés dans le manuscrit et nombre d'observations sur la période 2010-2018

| Code | Name                             | Taxon level | Major category         | Gender name   | Nb obs |
|------|----------------------------------|-------------|------------------------|---------------|--------|
| ACAC | <i>Acanthella acuta</i>          | Species     | Sponge                 | Acanthella    | 100    |
| ACET | <i>Acetabularia acetabulum</i>   | Species     | Green macroalgae       | Acetabularia  | 1      |
| ACTI | <i>Actiniaria</i>                | Order       | Actiniaria             | NC            | 21     |
| ADC  | <i>Adeonella calveti</i>         | Species     | Erected bryozoan       | Adeonella     | 929    |
| AGOR | <i>Agelas oroides</i>            | Species     | Sponge                 | Agelas        | 447    |
| AIMU | <i>Aiptasia mutabilis</i>        | Species     | Actiniaria             | Aiptasia      | 3      |
| ALAC | <i>Alcyonium acaule</i>          | Species     | Alcyonaria             | Alcyonium     | 182    |
| ALC  | <i>Alcyonarian</i>               | Order       | Alcyonaria             | NC            | 18     |
| ALCO | <i>Alcyonium corraloides</i>     | Species     | Alcyonaria             | Alcyonium     | 505    |
| ALGL | <i>Alcyonium glomeratum</i>      | Species     | Alcyonaria             | Alcyonium     | 1      |
| ALMI | <i>Alicia mirabilis</i>          | Species     | Actiniaria             | Alicia        | 6      |
| AMSP | <i>Amphiroa sp</i>               | Gender      | Erected red macroalgae | Amphiroa      | 11     |
| ANME | <i>Antedon mediterranea</i>      | Species     | Crinoidian             | Antedon       | 43     |
| ANSU | <i>Antipathes subpinnata</i>     | Species     | Antipatharia           | Antipathes    | 151    |
| ANTH | <i>Antipatharia</i>              | Species     | Antipatharia           | NC            | 7      |
| APAE | <i>Aplysina aerophoba</i>        | Species     | Sponge                 | Aplysina      | 5      |
| APCA | <i>Aplysina cavernicola</i>      | Species     | Sponge                 | Aplysina      | 6 846  |
| APLI | <i>Aplidium sp</i>               | Gender      | Actiniaria             | Aplidium      | 612    |
| APRO | <i>Aplysilla rosea</i>           | Species     | Sponge                 | Aplysilla     | 1      |
| APSP | <i>Aplysilla sulfurea</i>        | Species     | Sponge                 | Aplysilla     | 89     |
| ARLI | <i>Arbacia lixula</i>            | Species     | Echinids               | Arbacia       | 2      |
| ASAS | <i>Ascidiella aspersa</i>        | Species     | Ascidians              | Ascidiella    | 2      |
| ASCA | <i>Astroides calycularis</i>     | Species     | Scleractinia           | Astroides     | 2      |
| ASCI | <i>Ascidians</i>                 | Family      | Ascidians              | NC            | 573    |
| ASME | <i>Ascidia mentula</i>           | Species     | Ascidians              | Ascidia       | 17     |
| ASSP | <i>Asparagopsis sp</i>           | Gender      | Erected red macroalgae | Asparagopsis  | 27     |
| ASTE | <i>Asterids</i>                  | Class       | Asterids               | NC            | 272    |
| ASTM | <i>Astropartus mediterraneus</i> | Species     | Ophiuroids             | Astropartus   | 23     |
| ASVI | <i>Ascidia virginea</i>          | Species     | Ascidians              | Ascidia       | 66     |
| AXAU | <i>Axinyssa aurantiaca</i>       | Species     | Sponge                 | Axinyssa      | 1      |
| AXDA | <i>Axinella damicornis</i>       | Species     | Sponge                 | Axinella      | 2 249  |
| AXDI | <i>Axinella dissimilaris</i>     | Species     | Sponge                 | Axinella      | 26     |
| AXPO | <i>Axinella polypoides</i>       | Species     | Sponge                 | Axinella      | 415    |
| AXSP | <i>Axinella sp</i>               | Gender      | Sponge                 | Axinella      | 32     |
| AXVA | <i>Axinella vaceleti</i>         | Species     | Sponge                 | Axinella      | 231    |
| AXVE | <i>Axinella verrucosa</i>        | Species     | Sponge                 | Axinella      | 444    |
| BAEU | <i>Balanophyllia europaea</i>    | Species     | Scleractinia           | Balanophyllia | 1      |
| BMAC | <i>Brown macroalgae</i>          | Class       | Brown macroalgae       | NC            | 15 289 |
| BOVI | <i>Bonellia viridis</i>          | Species     | Sedentary worms        | Bonellia      | 42     |
| BRSP | <i>Bryopsis sp</i>               | Gender      | Green macroalgae       | Bryopsis      | 17     |

|      |                                    |         |                                   |                 |        |
|------|------------------------------------|---------|-----------------------------------|-----------------|--------|
| C    | Crevice                            | NC      | sludge, pavement,<br>rubble, sand | NC              | 49 460 |
| CAIN | <i>Caryophyllia inornata</i>       | Species | Scleractinia                      | Caryophyllia    | 16     |
| CARA | <i>Caulerpa racemosa</i>           | Species | Green macroalgae                  | Caulerpa        | 339    |
| CASC | <i>Cacospongia scalaris</i>        | Species | Sponge                            | Cacospongia     | 505    |
| CASM | <i>Caryophyllia smithii</i>        | Species | Scleractinia                      | Caryophyllia    | 32     |
| CATA | <i>Caulerpa taxifolia</i>          | Species | Green macroalgae                  | Caulerpa        | 1      |
| CEL  | <i>Centrostephanus longispinus</i> | Species | Echinids                          | Centrostephanus | 86     |
| CELL | <i>Cellaria sp</i>                 | Gender  | Erected bryozoan                  | Cellaria        | 555    |
| CERI | <i>Ceriantharia</i>                | Order   | Ceriantharia                      | NC              | 76     |
| CHNU | <i>Chondrilla nucula</i>           | Species | Sponge                            | Chondrilla      | 81     |
| CHRE | <i>Chondrosia reniformis</i>       | Species | Sponge                            | Chondrosia      | 260    |
| CHTE | <i>Chartella tenella</i>           | Species | Erected bryozoan                  | Chartella       | 65     |
| CHVE | <i>Chrysomenia ventricosa</i>      | Species | Erected red macroalgae            | Chrysomenia     | 242    |
| CICI | <i>Cidaris cidaris</i>             | Species | Echinids                          | Cidaris         | 1      |
| CIED | <i>Ciona edwardsi</i>              | Species | Ascidians                         | Ciona           | 6      |
| CIIN | <i>Ciona intestinalis</i>          | Species | Ascidians                         | Ciona           | 14     |
| CLAD | <i>Cladophora sp</i>               | Gender  | Green macroalgae                  | Cladophora      | 1      |
| CLCL | <i>Clathrina clathrus</i>          | Species | Sponge                            | Clathrina       | 36     |
| CLDE | <i>Clavelina dellavallei</i>       | Species | Ascidians                         | Clavelina       | 33     |
| CLIO | <i>Cliona sp</i>                   | Gender  | Sponge                            | Cliona          | 1 983  |
| CLLE | <i>Clavelina lepadiformis</i>      | Species | Ascidians                         | Clavelina       | 55     |
| CLPI | <i>Cladocora caespitosa</i>        | Species | Scleractinia                      | Cladocora       | 6      |
| CLSP | <i>Clathrina sp</i>                | Gender  | Sponge                            | Clathrina       | 51     |
| COBU | <i>Codium bursa</i>                | Species | Green macroalgae                  | Codium          | 70     |
| COCA | <i>Corticium candelabrum</i>       | Species | Sponge                            | Corticium       | 11     |
| COCO | <i>Codium coralloides</i>          | Species | Green macroalgae                  | Codium          | 168    |
| COEF | <i>Codium effusum</i>              | Species | Green macroalgae                  | Codium          | 367    |
| COEL | <i>Corallina elongata</i>          | Species | Erected red macroalgae            | Corallina       | 5      |
| CORA | <i>Non identified corallinacea</i> | Class   | Encrusting red macroalgae         | NC              | 30     |
| CORM | <i>Corallimorpharia</i>            | Order   | Corallimorpharia                  | NC              | 1      |
| CORU | <i>Corallium rubrum</i>            | Species | Gorgonian                         | Corallium       | 1 729  |
| COVI | <i>Corynactis viridis</i>          | Species | Corallimorpharia                  | Corynactis      | 9      |
| CRAM | <i>Crambe crambe</i>               | Species | Sponge                            | Crambe          | 4 716  |
| CRCR | <i>Cribrinopsis crassa</i>         | Species | Actiniaria                        | Cribrinopsis    | 245    |
| CREL | <i>Crella elegans</i>              | Species | Sponge                            | Crella          | 3      |
| CRIN | <i>Crinoidian</i>                  | Class   | Crinoidian                        | NC              | 20     |
| CRMA | <i>Encrusting red macroalgae</i>   | Class   | Encrusting red macroalgae         | NC              | 7 458  |
| CRPU | <i>Crella pulvinar</i>             | Species | Sponge                            | Crella          | 989    |
| CRSP | <i>Crisia sp</i>                   | Gender  | Erected bryozoan                  | Crisia          | 2 246  |
| CRT  | <i>Crambe tailliezi</i>            | Species | Sponge                            | Crambe          | 6 875  |
| CYNO | <i>Cymodocea nodosa</i>            | Species | Phanerogam                        | Cymodocea       | 1      |
| CYSP | <i>Cystoseira sp</i>               | Gender  | Brown macroalgae                  | cystoseira      | 1 315  |
| D    | Sand                               | NC      | sludge, pavement,<br>rubble, sand | NC              | 34 495 |
| DECO | <i>Dendrophyllia cornigera</i>     | Species | Scleractinia                      | Dendrophyllia   | 5      |
| DELE | <i>Dendroxea lenis</i>             | Species | Sponge                            | Dendroxea       | 904    |

|      |   |         |                        |              |        |
|------|---|---------|------------------------|--------------|--------|
| DESA | <i>Dentiporella sardonica</i>           | Species | Erected bryozoan       | Dentiporella | 26     |
| DIDE | <i>Didemnum sp</i>                      | Gender  | Ascidians              | Didemnum     | 265    |
| DIDI | <i>Dictyota dichotoma</i>               | Species | Brown macroalgae       | Dictyota     | 2 096  |
| DIFA | <i>Dictyota fasciola</i>                | NA      | Brown macroalgae       | Dictyota     | 447    |
| DIIM | <i>Dictyota implexa</i>                 | Species | Brown macroalgae       | Dictyota     | 112    |
| DILI | <i>Diplosoma listerianum</i>            | Species | Ascidians              | Diplosoma    | 2      |
| DIPO | <i>Dictyopteris polypodioides</i>       | Species | Brown macroalgae       | Dictyopteris | 395    |
| DISP | <i>Dictyonella sp</i>                   | Gender  | Sponge                 | Dictyonella  | 1 093  |
| DIVE | <i>Diporula verrucosa</i>               | Species | Erected bryozoan       | Diporula     | 6      |
| DIVI | <i>Diazona violacea</i>                 | Species | Ascidians              | Diazona      | 9      |
| DUVE | <i>Dudresnaya verticillata</i>          | Species | Erected red macroalgae | Dudresnaya   | 9      |
| DYAV | <i>Dysidea avara</i>                    | Species | Sponge                 | Dysidea      | 641    |
| DYFR | <i>Dysidea fragilis</i>                 | Species | Sponge                 | Dysidea      | 370    |
| ECBR | <i>Encrusting bryozoan</i>              | Phylum  | Encrusting bryozoan    | NC           | 8 467  |
| ECH  | <i>Echinids</i>                         | Phylum  | Echinids               | NC           | 480    |
| ECME | <i>Echinus melo</i>                     | Species | Echinids               | Echinus      | 193    |
| ENS  | <i>Non identified encrusting sponge</i> | Phylum  | Sponge                 | NC           | 24 173 |
| EPAR | <i>Epizoanthus arenaceus</i>            | Species | Zoantharia             | Epizoanthus  | 28     |
| ERBR | <i>Erected bryozoan</i>                 | Phylum  | Erected bryozoan       | NC           | 2 246  |
| ERMA | <i>Erected red macroalgae</i>           | Class   | Erected red macroalgae | NC           | 5 733  |
| EUCA | <i>Eunicella cavolini</i>               | Species | Gorgonian              | Eunicella    | 6 967  |
| EUSI | <i>Eunicella singularis</i>             | Species | Gorgonian              | Eunicella    | 652    |
| EUSP | <i>Eudendrium sp</i>                    | Gender  | Hydroid                | Eudendrium   | 133    |
| EUVE | <i>Eunicella verrucosa</i>              | Species | Gorgonian              | Eunicella    | 66     |
| FARE | <i>Fauchea repens</i>                   | Species | Erected red macroalgae | Fauchea      | 387    |
| FILB | <i>Filamentous brown algae</i>          | Class   | Brown macroalgae       | NC           | 12 501 |
| FILG | <i>Filamentous green algae</i>          | Phylum  | Green macroalgae       | NC           | 7 825  |
| FILR | <i>Filamentous red algae</i>            | Class   | Erected red macroalgae | NC           | 4 023  |
| FISA | <i>Filograna or Salmacina sp</i>        | Gender  | Sedentary worms        | Filograna    | 657    |
| FLPE | <i>Flabellia petiolata</i>              | Species | Green macroalgae       | Flabellia    | 20 725 |
| FRVE | <i>Frondipora verrucosa</i>             | Species | Erected bryozoan       | Frondipora   | 5      |
| GMAC | <i>Green macroalgae</i>                 | Phylum  | Green macroalgae       | NC           | 676    |
| GORG | <i>Gorgonian</i>                        | Family  | Gorgonian              | NC           | 49     |
